

01

Fasten your seatbelt and check your mirrors. Make sure the child lock is switched on.

02

Booster seats are necessary by law for babies. Children under the age of 12 or under 145 cm should be seated in booster seats.

03

Make sure you drop your children on the side opposite to the traffic.

04

Early mornings can be tiring, have some to wake up and be energized.

05

Dont forget your license and registration.

06

If caution signs show up on your dashboard, get it checked at first convinience.

07

Kids will kids. Be patient and focus on the road.
